4,500 RAILWAY EMPLOYEES STRIKE

Hudson and Delaware Wheels Have Not Moved Since 5 O'clock This Morning

HIGHER WAGES. BETTER WORK CONDITIONS ASKED

Company Sought National and State Mediation—Strike Leaders Refused

ALBANY, Jan. 19.—Every employee of the Delaware and Hudson railway except the telegraphers went on strike today, 4,500 of a total of 5,000 employees being involved. Not a train was moved after 5 o'clock this morning. The men demand better pay and improved working conditions. State Labor Commissioner Lynch is trying to bring about a compromise. No disorders have as yet occurred.

A conference between union leaders and officials of the railroad company, beginning last night before the strike order had been issued, was continued at 8 o'clock this morning without interruption. The railway company requested mediation by state and nation. G. W. Hanger, of the Federal Mediation Board, telegraphed Martin C. Casey, in charge of the strike, but Casey answered: "The die is cast. Only the concessions we ask will bring about a settlement."

In addition to other demands the strikers demand the reinstatement of two employees recently discharged for alleged disobedience. That this is likely to prove more difficult to obtain than the other demands, it is agreed.

MEXICO URGED TO ATTAIN PEACE

Peace Societies Appeal Both to President Huerta and to General Carranza

PARIS, Jan. 19.—The peace societies of France, Germany and England have appealed to Provisional President Huerta and General Carranza to end their differences. The following telegram was sent to both today:

"The interests of your country, in accord with universal conscience, await the pacification of Mexico through your generous patriotism."

(Signed) "PROF. W. FORESTER, Germany, DE CONSTANT, France, LORD WEARDALE, England."

SALAZAR MUST GIVE BOND. MARFA, Texas, Jan. 19.—General Jose Ynez Salazar, former rebel chief, erstwhile federal commander, now a prisoner in the Marfa jail, must give a bond of \$50,000 to secure his temporary release. United States District Attorney Summers Burkhardt of New Mexico has advised the United States commissioner here that a bond of \$50,000 must be required of Salazar as he previously had forfeited a cash bond of \$10,000 at El Paso.

Salazar's preliminary hearing comes up here and unless he gives the \$50,000 bond, which is considered improbable, he will be taken to Santa Fe, N. M., to be tried on the old charge of conspiring to smuggle ammunition across the New Mexico border into Mexico.

JAPAN WILL SEND TWO BATTLESHIPS TO FAIR

SAN FRANCISCO, Jan. 19.—The Japanese government will send two battleships, the Ibuki, a first class cruiser, and the Chikuma, a second class cruiser, to Pacific waters to attend the celebration of the Panama Canal opening, according to advices received here.

GOV. WEST DECLINES PLACE ON COMMERCE COMMISSION TODAY

SALEM, Oregon, Jan. 19.—Governor West is reported today to have declined an Interstate Commerce Commission.

New York "Bagman" Pleads Guilty in Court

Arthur A. McLean, late treasurer of the Democratic state committee of New York and close friend of Charles F. Murphy, boss of Tammany and till recently Democratic leader in the state, has pleaded guilty in court to the charge of receiving campaign contributions from contractors on state work. As treasurer of the committee he received contributions from companies engaged on construction work for the state in violation of an act passed a few years ago. This was the first definite result of an investigation into grafting in connection with contractors on state roads and the Erie canal. Other men have been indicted and will be tried later.

Since District Attorney Whitman, who prosecuted the case, believed that McLean had no criminal intent, but merely followed a long-established policy of his committee, he consented to a suspension of sentence rather than fine or imprisonment.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Cloudy tonight; Tuesday, fair; light west wind.

Supreme Court Adjourns Without Deciding Leading Cases. WASHINGTON, Jan. 19.—The supreme court adjourned today without deciding any of the important pending cases.

Strathcona's Condition Not Materially Changed. LONDON, Jan. 19.—The condition of Lord Strathcona, the Canadian high commissioner, who is suffering from an attack of catarrh, was not materially changed last night.

Wife Valued Spouse At \$25,000, Court at \$5000. DALTON, Ga., Jan. 19.—Mrs. Hewlett Davis, who sued her father-in-law, Robert Davis, for \$25,000 because he slew her husband, was awarded a verdict for \$5,000.

Murderer Goes Smiling To Gallows at Daybreak. OSSING, N. Y., Jan. 19.—Francis Mulford, the murderer of Patrick Burns, a saloonkeeper, went to the death chair, smiling, at daybreak today.

Grinnell to Build Dormitories for 150 Women. GRINNELL, Jan. 19.—New dormitories, housing 150 women, will be built at Grinnell college and made ready for occupancy before the next school year commences. The new women's quadrangle at Grinnell will accommodate 400 women when completed.

Wisconsin Considers Vocations for College Women. MADISON, Jan. 19.—Vocational guidance for college women is the aim of the third vocational conference that will be held at the University of Wisconsin, February 10, 11 and 12. This movement, unique in students of higher education, has become now an established institution at the university.

FARISS CONFESSES TO TRAIN ROBBERY

SAN QUENTIN, Jan. 19.—Ralph Fariss, alias Bostick, under sentence to hang for the murder of Horace Montague on a Southern Pacific train near El Monte which he held up, confessed today that he robbed a train on the Burlington road outside of Omaha one year ago. He has been suspected for some time, but definite proof was lacking. He gave directions for tracing the valuables, he stole.

NEW TARIFF LAW HAS NOT HURT BUSINESS

So Declares Wilson—Says Small Business Has Increased in Volume

OTHER BUSINESSES WILL SOON SHOW IMPROVEMENT

Favors Adjustment of Trusts; Thinks Huerta Wavering and May Soon Resign

[By John Edwin Nevin]

Washington, Jan. 19.—President Wilson declared today that there is no foundation for the stories that business has suffered through the new tariff. On the contrary, he told visitors, small business has increased in volume. He admitted that certain industries dependent upon railroads for equipment orders had suffered somewhat, but believed they, too, would show improvement soon. He denied having told anyone that he favors allowing railroads to increase their rates.

Regarding trusts, the President explained that his plans contemplate facilitating processes by which big combinations can conform to the law rather than to processes of legal action. Attorney-General McReynolds, he said, has not and will not abate the laws but intend to give the corporations sufficient time to change their business methods and thus avoid violation of the law. He admitted that the majority of adjustments thus far had corrected at least tacit violations of law, but said that most of them were violations of the law's spirit rather than the letter.

The President said the Mexican situation is working out as well as can be expected. He denied that he had asked the powers to renew pressure on Huerta to retire, or that he had sent fresh inducements through the emissary Lind. The indications are, he pointed out, that Huerta is wavering and might resign any day. Until he does, the President declared, there would be no change in the Mexican policy.

STORM PROVES CLIMAX OF WEATHER

Blessing to Crops in Southland—Some Damage—Schooner Helpless in North

LOS ANGELES, Jan. 19.—The storm beginning five days ago ended Saturday and Sunday with a heavy downpour of rain and strong winds that were most severely felt Saturday night and late Sunday morning. The rains were welcomed by citrus growers and ranchers and every section of Southern California reports a generous downpour of rain.

Damage accompanied the beneficent storm, being most heavily felt at the various beaches, San Pedro being severely visited with damage to streets and railways, Venice losing 400 feet of Windward pier on Saturday night, and Playa del Rey streets being overflowed. Glendale's gas mains were injured and the expensive storm drain at San Fernando was badly damaged. Telegraph, telephone and power lines in many sections were disabled by falling trees and breaks in other sections flooded farming lands. But the damage was small compared with benefits.

Damage to Sea Craft. At Santa Monica seventy-five rowboats were lost at the Japanese fishing village of North Santa Monica during the storms of the last two days. They were dashed on the rocks and the wreckage was carried out to sea. They were worth \$18,000. The fishing industry there will be crippled for several weeks, and 200 Japanese are out of jobs.

At San Pedro three yachts tore from their moorings and went adrift with more or less damage. All vessels arriving in the port during yesterday reported bad weather and were many hours behind in their scheduled time.

YELLOWSTONE TOSSED HELPLESSLY IN NORTH. MARSHFIELD, Ore., Jan. 19.—With masts gone, her lumber cargo washed away, her rudder smashed and fuel exhausted, the steam schooner Yellowstone is tossed helplessly eighteen miles off Coos Bay. The steamer Galatia is standing by unable to get a line aboard the Yellowstone.

Large Alaskan Glacier Is Jockeying With International Boundary Line

Black Line Across Grand Pacific Glacier Showing International Boundary Line.

MADISON, Jan. 19.—Professor Lawrence Martin of the University of Wisconsin has just returned after the discovery that nature is jockeying with the international boundary line between the United States and British Columbia at Yakutat Bay, Alaska. In this bay is an enormous glacier, which has been observed more or less regularly for more than one hundred years. It is known as the Grand Pacific Glacier, and the professor, who is one of the first authorities in the country on the subject, went up there to study it.

Between 1794 and 1894 the glacier had retreated sixty miles. Acting on this knowledge the emissaries of the United States and Great Britain got together in 1894 and established a boundary line about twelve miles behind the head of the glacier.

But by June, 1912, it had retreated to within two miles of the boundary line, and in the next two months it had crossed back of the line and Canada had a harbor, which was distinctly contrary to the spirit of the treaty. And Canada was happy.

But the Canadians did not enjoy

their harbor long enough to start to establish a port. The glacier has reversed and is now going ahead again. And it is going ahead at a record rate. The world record for advance of glaciers in Switzerland has never exceeded 133 feet in a year. The Grand Pacific Glacier has shot ahead at the rate of 1400 feet in a single year, and now is three-quarters of a mile on the United States side of the boundary line.

Ice, which was 1,750 feet thick in 1894, had melted down to 1,000 feet by 1907, and by 1912 it had entirely disappeared.

ORANGE GROWERS DEFEND JAPANESE

Rialto Citrus Men Say White Men Indifferent in Past to Orange Picking

SAN BERNARDINO, Jan. 19.—The orange growers of the Rialto district will not change from Japanese to white labor, as the result of the threatened violence over the employment of oriental pickers.

The growers and packers yesterday outlined their position. They declare that in the past white men have been indifferent about picking oranges, and that they were driven to Japanese labor. The growers will stand together and protect the Japanese, they declare. Experience is required for orange picking, the growers say, and they style it as not white men's work, in any event.

There are no further evidences of a possible clash between supposed I.W.O.'s and the Japanese, although the Japanese are still panic-stricken in their camps.

PRIEST BEAT MAN FOR EVICTION OF WIFE AND CHILDREN

WILMINGTON, Del., Jan. 19.—When the Rev. John Lynch, a priest of St. Thomas' Catholic church, learned that John Cavanaugh had driven his wife and four children into the cold he hurried to the house and remonstrated with the man. The man attempted to attack the clergyman, and as a result is now suffering, among other injuries, four fractured ribs and a wound over the left eye. Cavanaugh told his physician this morning that he thought he had been struck by a trolley car.

OIL DEADLY TO TEREDOES

SAN DIEGO, Jan. 19.—C. S. Smith, who was sent here by the bureau of forestry to investigate the ravages of the teredo, the worms which destroy lumber, piles and other timber in salt water, reports that he finds no live teredo, and believes that escape of gas from mains laid on the bottom of the bay and recent escape of crude oil on the water at the big Standard Oil fire has killed the teredo. This may lead to a way to destroy these salt-water evils.

CHINO'S STEADY GROWTH

CHINO, Jan. 19.—Indications of the steady growth of this city is contained in the postoffice report for 1913. Receipts for December were \$573.75. A year ago they were \$497. Total receipts for 1913 were \$5449.

ESHLEMAN REPLIES TO REQUEST THAT HE BECOME A CANDIDATE

J. P. Baumgartner, chairman of the committee appointed by the Progressives of Southern California at the meeting in Los Angeles last Wednesday, to present resolutions urging John M. Eshleman to become a candidate for Lieutenant Governor, today received the following letter from Mr. Eshleman:

San Francisco, Jan. 16, 1913.

Mr. J. P. Baumgartner, Santa Ana, California.

Dear Mr. Baumgartner:—I feel greatly honored by the telegram of your committee and by the suggestion that I be a candidate for Lieu-

SUBMARINE SEARCH RENEWED TODAY

Quicksand May Have Buried Boat—Demand for Discard of Class A Boats

PLYMOUTH, England, Jan. 19.—Search was resumed at Whitesand today for the lost submarine A-7. It is feared the boat was buried by quicksand.

Class A Boats to Scrap Heap. The usual demand for the resignation or dismissal of those responsible in any way for the accident has been made. The admiralty is blamed for retaining any of the A class of submarines in the service. They are the oldest type of this kind of warship. Five have been lost or sent to the scrap heap, but eight remain in the service.

Mr. Falls, economist member of parliament for Portsmouth, writes to the newspapers demanding that all the remaining vessels of the A class be sent to the scrap heap.

BASEBALL STARS MAY JOIN "TRUST BUSTING LEAGUE"

SAN DIEGO, Jan. 19.—Rumors were renewed today that Pitchers Jeff Tesreau of the New York Giants and Tex Russell of the Chicago White Sox, and Catcher Roche of the St. Louis Nationals, will sign with Kansas City in the new Federal League.

MET TWICE, MARRIED IN JOKE, MAKE BEST OF IT

HEBER SPRINGS, Ark., Jan. 19.—Believing they were participating in a "joke" ceremony, Barnum Davis, one of the wealthiest men in Northern Arkansas, and Miss Linnie Roberts of Searcy, legally were married Christmas night. They now have decided to make the best of it. The couple had met only once before the ceremony.

U.S. RADIO STATION TO BE AT SAN DIEGO

Naval Board Chooses Site for High Power Station as One of Great Chain

WASHINGTON, Jan. 19.—A special board of naval officers has selected a site for a high-power radio station on the California coast a location at La Jolla Heights, about four miles east of San Diego, and eleven miles from the seacoast. It is expected a tract of land comprising seventy-two acres with an elevation of 450 feet above the sea level soon will be acquired by the government for about \$15,000.

As soon as title to the site has been acquired the department will begin the erection of the station with funds already authorized by Congress. The new station will be one of a chain connecting the Pacific coast with Hawaii, the Panama canal and the Atlantic coast.

BURNETT LITERACY BILL UP TO HOUSE THIS WEEK

WASHINGTON, Jan. 19.—Chairman Burnett of the house immigration committee expects to get before the house this week his bill applying a literacy test to immigrants. Under the terms of the bill every immigrant over 16 years old must be able to read in some language, Yiddish being included. Immigrants may bring in illiterate grandparents, but not the parents.

COXEY ARMY OFFICER IS UNCLAIMED AT MORGUE

WASHINGTON, Jan. 19.—The body of the late Carl Browne of California, who was chief lieutenant in General Coxe's army, is still unclaimed at the Washington morgue.

Representative Kent of California announced yesterday he would personally pay the burial expenses rather than permit the body to go to the potter's field. Browne died last Friday.

FORD PAYDAY MAKES 888 MEN HAPPIER

DETROIT, Jan. 19.—The Ford Automobile Co. "paid off" today for the first time since the profit-sharing plan became effective. Eight hundred and eighty-eight men received \$27,566 for a week's work, an average of \$31.22 each. Many of these were merely laborers. The remainder of the employees will be paid daily until Thursday. Hereafter the first four days of each week will be paid.

RADIUM BILL DISCUSSED TODAY

House Mines Committee Likely to Favor U. S. Ownership—Lane Urges Matter

COLORADO CONGRESSMEN WILL FIGHT MEASURE

Curative Radio Springs Found in Colorado in Search for Radium Ore

WASHINGTON, Jan. 19.—The House committee on mines and mining today undertook the consideration of the Foster bill for governmental reserve of all radium bearing lands. It seemed certain that the committee will decide for federal acquisition as outlined in the bill. Colorado congressmen are opposing the movement on the ground that it will retard the development of that state to that extent.

Secretary Lane and Representative Foster on Saturday urged immediate legislation to prevent the radium ore lands from falling into the hands of foreign monopolists and pointed to the scarcity of radium, its almost fabulous price and its great value to surgery.

DISCOVERS RADIO SPRINGS ALSO AN UNKNOWN ORE

DENVER, Jan. 19.—Russell D. George, state geologist and professor of geology at the University of Colorado, announced Saturday at a meeting of mining men of Denver county, which was called to choose delegates to the convention of state mining men to be held February 19, that he had discovered eleven springs in Colorado which contained radium activity in a great degree and curative powers over many organic diseases of the bladder, liver and kidneys. He also stated that in his search for radium bearing ores he had discovered an ore hitherto unknown to science which contained 46 per cent silver.

This ore, said Prof. George, was being thrown away on dumps of copper mines as valueless. The state geologist of Colorado works in conjunction with the United States Geological Survey, and he stated that he was prevented from giving detailed information concerning his research of metals and radium-bearing ores in the state until they were issued in bulletin form.

CLIFF CRUSHES NEARLY 300 PEOPLE

Another Disaster at Kagoshima—Conditions Critical in the Larger Cities

TOKIO, Jan. 19.—A cliff near Kagoshima, loosened by earthquakes preceding the Sakura-Jima eruption, fell today, crushing to death the majority of three hundred refugees who had built shelters beneath it. More shocks were felt today and Sakura-Jima continued active, although the eruption is less violent.

Economic conditions in Tokio, Yokohama and the larger cities threaten to become critical as a result of the Kagoshima exodus there coincident with the famine in northern Japan. Thousands are here out of work and workers have been pouring in for weeks, hiring themselves for starvation wages. As a result all wages are reduced. Many families unable to keep together, are selling their daughters into Yoshiwara licensed quarters, the population of which has almost doubled in the last few weeks. There was little news from Kagoshima today but it is known the damage reached millions. The death list is still incomplete.

1200 ENDEAVORERS ARE EXPECTED AT POMONA

POMONA, Jan. 19.—Interest throughout the county indicated that attendance at the County Christian Endeavor convention here February 20, 21 and 22 will set a record. Special trains are expected to bring nearly 1200. Some of the most prominent Endeavor workers will speak.

TWO AND HALF INCHES STORM

Splendid Rain—Throughout County an Assurance of Good Crops

The storm that ended yesterday brought to Santa Ana a rainfall of 2.42 inches. On the San Joaquin ranch and throughout the foothills region the fall was heavier than it was here. The fall for the twenty-four hours ending yesterday morning was .47 inches in Santa Ana and .85 of an inch at the San Joaquin Fruit Co. ranch.

It was a splendid rain, and it came in a manner that made it of the greatest usefulness. It not only came at the right time of year, but it came slowly so that it sank into the ground to the greatest advantage.

Grain and beet growers are in the same state of jubilation. With the rains that are expected later in the season excellent crops of grain, beets and beans are assured.

According to S. Hill & Sons' gauge the fall by days for the recent storm was: Jan. 15, 1.45 in.; Jan. 16, .46 in.; Jan. 17, .47 in.; Jan. 19, .04 in. The season's rainfall is now 5.30 in. Last year at this time the season's record was 2.48 in.

CANNED MUSIC FOR HIGH SCHOOL STUDENTS

WASHINGTON, Jan. 19.—"Canned" music, the talking machine, piano player, and the player organ, are to figure in the instruction of high school students in music. If Professor Will Earhart, of Pittsburgh, has his way, in a report being considered today by the United States Bureau of Education Professor Earhart urges a course in musical appreciation for third and fourth year high school pupils. This course should include, he says, the study of musical history, lives of famous musicians, forms of musical composition, aesthetics of music, and kindred subjects.

PILES

Dr. Leonard's Pile Remedy

Dr. Leonard's Pile Remedy is a powerful cathartic, and is the only medicine that cures Piles, Hemorrhoids, and Constipation. It is a purely vegetable preparation, and is safe for all ages. It is sold by all druggists.

Fancy Groceries

At this season nearly everybody wants the choicest of foods. We wish to state that at our store will be found all the most tempting of eatables.

Pure Preserves
Dainty Deserts
Choice Cheeses
New Crop Nuts
Crisp Vegetables
Fresh Fruits

The best of everything in staple groceries.

L. F. CLAPP.

J. A. Gilmore, President of Federal League

Joseph A. Gilmore, president of the Federal League of Baseball Clubs, has organized baseball—meaning the American and National leagues—more frightened than it has been since the organization of the Ban Johnson circuit. Mr. Gilmore has been running about the country signing star players as managers for different cities in his league till the elder magnates don't know just what will happen next season.

Already he has taken Mordecai Brown, the former great pitcher of the Chicago Cubs of the National League; Joe Tinker, ex-manager of Cincinnati, and Otto Knabe, second baseman of the Philadelphia National League Club. So far he has not broken into the American League clubs and they have had no trouble with him.

At this time the Federal League is in a chaotic state and it is impossible for Gilmore himself to say in how many cities they will begin the next season. Nevertheless, there have been indications that he has money behind him. Knabe has been guaranteed a better salary in Baltimore than Philadelphia would pay him, and a guaranty company has undertaken to assure Tinker his salary of \$12,000 will be paid for three years.

CULVER CITY MEN IN TOWN

Stanley R. Pratt, assistant sales manager of the Harry H. Culver Co., is in Santa Ana with two associates, arranging for an excursion to Culver City next Thursday morning.

Mr. Pratt states that the purpose of the trip is largely that of advertising and boosting this newest Southern California town.

Culver City is located half way between Los Angeles and Venice, at the junction point of three interurban car lines and three boulevards, and is destined to be in the path of Los Angeles' greater growth.

Just four months ago there was nothing but a barley field at this point, whereas now there is a city, beautifully planned and practically carried out, with improvements now completed. They have macadamized roads, cement curbs and sidewalks, ornamental lights, shade trees, a large park, water, gas, electricity already installed—in fact every modern improvement that a progressive city should have.

In this short space of time there have been a large number of residences completed with about fifty more now under contract.

In the business sections every store building has already been leased by Culver City merchants, who are supplying goods to more than 2000 people living within a radius of two miles. In the industrial section, the large macaroni factory, six stories high, is just being started by the Plattman Co., of Cleveland, Ohio.

Culver City is a good example of the growth of Southern California towns, which in a year or two grow more than most eastern towns do in a decade.

Doubtless Santa Ana people will be pleased to view the growth of this district.

Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, Jan. 19.—Zowie, slam bang—and a "prelim" fighter bites the resin. Then he wabbles out and gets \$5 or maybe not so much. It has become such a common thing now for the preliminary scrappers at boxing shows to put up a better fight than the head liners that it is interesting to look around among the army of unhonored and unsung. The office boy, well known in these parts for one thing and another (his party prevents enumeration) is one of these "prelim" workers when not busy office-boying, and believe us, he is some fighter. Two telegraph operators and three visiting copy-chasers once nearly licked him. Calling him Sam will be enough to identify this demonstrator of the manly art of self-defense who is able to shed some light on how goes it with the "prelim."

"Gee, it's somethin' fierce," is the way Sam sized up the situation as we tried to interview him between shouts of the boss. "You see it's this way. The referee—"

"Copy," came the cry from the other side of the room. Sam beat it, but called down the copy yeller to a turn for interrupting a session of uplift for the boxing game.

"Where was it I left off?" Sam questioned on return, having already broken all records for continuous conversation. "Oh, yes, it's somethin' fierce. You see it's this way. The referee, he comes over to your corner and says, 'Now walk into that guy and knock his block off. You can do it. He's a cinch. Put him out in the first round. If you don't get him you're rotten.'"

"That's fine talk, see. First thing you know you believe that guy is handing you some real dope and you think you've got a cinch. But, gee, he goes across to the other corner and tells the guy that you're going to fight the same thing he told you. Clang, the bell rings. You jump out ready to knock down a bull. Zowie, you shoot a right over at the tin jaw the referee told you the other guy had, and, bawle, he wallops you one in the stomach that makes you lose your appetite for a week. What's the answer? Why, a guy can never use any science. It's stup, slug from the start to the finish. If you back away or cover up while you try to get your breath the referee'll say, 'Go on, fight; go on, fight; and if you don't fight like all billyell from start to finish you won't get on with the club again. After you and the other guy have hammered each other to death for four rounds you get \$5—maybe. Some of the clubs don't pay that much.'"

Sam said the last fight he had to go was six rounds. At the end of the fourth round the other fellow had enough of Sam's game and wouldn't

come out for the fifth round. If the fight had gone the six rounds our hero would have received \$10 as his share of the evening's spoils. Being too blamed industrious, however, cost him \$5. The fight naturally ended at the finish of the fourth round when the receiving end of Sam's sketch refused to go on, and as Sam hadn't put in full time with six rounds he got only \$5. Working on that theory if Sam had knocked out his man with a single punch he would probably have had to pay the athletic club damages.

One club in New York doesn't guarantee the preliminary fighters anything, we learned from Sam, who has an eye out for the coin. This club will let an aspiring fighter perform in its ring if he will sell tickets for the show. The "prelim" fighter gets 40 per cent of the money he collects through ticket selling. Of course he may crawl out of his fight, unless he is spoiling for a fight, if he can't rope anyone into buying a ticket. Five dollars is the average for the preliminary fighters. But they must fight from start to finish to get the money. If the referee thinks there is any stalling, bing, the pay is sliced. Preliminary fighters appearing at Madison Square Garden get the biggest pay here. They go six rounds and get \$15 for the evening's mauling. They are naturally a grade above the \$5 "prelims." The boys who have reached the top or near the top of the ladder in their class are able to stall and bunk the public and get away with it, but the preliminary fighters have to deliver the goods—and fight.

Speaking of fights and fighters, this Battling Levinsky person, now battling around New York, is beginning to take the general form and proportions of a scrapper. Under the name of Barney Williams, Levinsky started fighting around Philadelphia and New York. Everyone proceeded to knock his block off. It was a rough and rock road under the name of Williams. Then came the business of switching names and Levinsky, the hitherto busted Barney, began to chop where he had been chopped before. He has fought two or three times a week since early in the season and has won 'em all. Levinsky can fight at 164 pounds, which is mighty light for a man who aspires to be the heavy-weight champion. The older heads, however, are pointing to Bob Fitzsimmons as an example of fighting machine able to straddle two or three classes and whip them all. Levinsky is dead anxious for a crack at Gunboat Smith. He disposed of most of the heavies and light-heavies with the exception of the gunner. If anyone is to get Smith Levinsky appears to be about as likely a man to turn the trick as there is hanging around.

NOSE AND HEAD STOPPED UP FROM GOLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely, dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone!

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

EXPERIMENTAL ROAD BUILDING BY THE DEPARTMENT OF AGRICULTURE

WASHINGTON, D. C., Jan. 19.—Over four hundred and eighty thousand square yards of different types of roads for experimental and object lesson purposes were constructed during the fiscal year 1912-1913 under the supervision of the Office of Public Roads, U. S. Department, making a total of over four million square yards of road constructed under the supervision of this office since 1905. The types of roads built were brick, concrete, oil-cement concrete, bituminous concrete, bituminous-surfaced concrete, bituminous macadam, surface treatment, macadam, asphalt-

slag, oil-asphalt-gravel, oil-gravel, oil-corralline, gravel-macadam, gravel, clay, sand-clay, sand-gumbo, burnt-clay, shell, and earth. The object lesson and experimental work during the past year was done at a cost to the local communities of \$139,841.89. This does not include the salaries and expenses of the department engineers.

The road work during the year was done in Arkansas, Florida, Georgia, Kentucky, Maryland, Mississippi, Nebraska, North Carolina, South Dakota, Tennessee, Texas, Virginia, Wisconsin, and the District of Columbia.

ORVILLE WRIGHT FORE-SEES SAFETY IN FLYING

DAYTON, O., Jan. 19.—To fly from Chicago to New York in a day with perfect safety in an aeroplane, to enjoy luncheon and dinner "a-wing" without danger, and flit over Broadway to an aeroplane garage before theatre time no doubt will be wholly possible within a year, in the opinion of Orville Wright, noted inventor and airman, who promises the public an aeroplane that will be as safe as the old family carriage. In the early spring he will show the waiting public his invention, he declares.

The answer is an automatic stabilizer, which Wright says makes aeroplaning as simple and safe as automobile driving and absolutely "fool proof." High speed air craft handled by rank amateurs will easily make the Chicago-New York trip or any equal distance in any direction from any point. Filling the gasoline tank en route will be the simple necessity of shutting off the engine and letting the stabilizer

do the rest. The new device, Wright claims in addition to insuring the perfect equilibrium in flight will bring the machine to earth with safety, without necessity of hazardous volplaning. It is only a question of time until the air line route will be the mode of travel for the busy business man, the butcher, the baker and the candlestick maker, Wright believes.

"We have invented an automatic stability device which will revolutionize flight," said Wright today in discussing his invention. "It will make flying fool proof or as nearly so as anything can be. Our device insures lateral as well as fore and aft stability and it will not get out of order and insure absolute stability in flight."

Orville Wright and his assistants are working every day on the new device. A short time ago it was tested. Wright himself made seven complete circuits of the Wright aviation field here. His hands were not on the controlling bars. A smooth, even flight was the result. The plane started to dip, the stabilizer came to the rescue and righted it. Dangerous angles were executed with the same result. Wright couldn't turn turtle when he tried.

The stabilizer prevents the plane from rising too quickly and sharply and if the speed falls below the point required for an even keel it automatically directs the machine to the ground.

Officials of the postal service are said to be investigating the new device preparatory to the delivery of the United States mail in western states.

PANAMA ZONE TO BE CIVILLY GOVERNED

Goethals to Be Named Governor Under Adamson Act—Tolls Question Reopened

WASHINGTON, Jan. 13.—Within a few days, probably this week, President Wilson will issue a proclamation changing the present military form of government in the Panama canal zone to a civil government as provided in the Adamson act. At the same time, he is expected to elevate Colonel George W. Goethals, engineer in chief of the Panama canal, to be governor of the canal zone.

Making operative the Adamson act, it is expected, will reopen the Anglo-American controversy regarding the exemption of American ships engaged in coastwise trade from the Panama canal tolls.

Tolls Question is Issue

According to the opinion of lawyers in the administration, it will be impossible to make a part of the law operative, that part relative to the form of government of the canal zone—and not make operative that part dealing with canal tolls. The present status of the controversy regarding the tolls question is this:

The state department has England's last word in protest of the law. This last word was a rebuttal of the argument for exempting American vessels submitted by Secretary of State Knox in 1912, and was prepared by Sir Edward Grey, the British foreign minister.

Matter Long Unsettled

Owing to the great rush of work in the closing days of the Taft administration, Mr. Knox did not find time to make a reply to the Grey rebuttal. Also, both President Taft and Secretary Knox had high hopes, particularly if the Republican party was successful at the polls, to see the present law amended so as not to exempt American ships engaged in coastwise trade from the payment of canal tolls.

When President Wilson took up the duties of the office of President, he had before him too many domestic questions which he regarded as more important at the time than any of the foreign questions. He promised, however, that the controversy would be taken up and he hoped disposed of in a friendly manner. It may be a couple of months before the matter will be thoroughly gone into.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wytia's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advertisement.

PROGRESSIVES IN NEBRASKA ACTIVE

Chairman Cory Calls Mass Meeting—Big Men to Be Present

LINCOLN, Neb., Jan. 19.—State Progressive party headquarters have been established at Lincoln in advance of any of the other political parties, and the organization for the next campaign will go on with considerable activity, according to Chairman Frank P. Cory.

The first action of the chairman and his lieutenants after securing headquarters was to issue a call for an all-day state-wide gathering here on February 11, when a program for the coming canvass will be outlined and suggestions made on candidates.

"We are here to stay," Chairman Cory said. "There is to be no amalgamation with the Republican party, no absorption by it, and nothingavoring of union with the forces that are to accompany us down the political paths. The only way the Republicans can proceed in our direction in the future is by voting for our candidates and supporting our declared principles."

James R. Garfield, William Allen White, and former Senator Albert J. Beveridge are expected to attend the mass meeting.

"TIZ" FOR TIRED SORE, ACHING FEET

"Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

Get a 25 cent box at any drug or department store, and get relief.

SAN DIEGO WILL TAKE \$400,000 ROAD BONDS

Commissioner Darlington Says 1914 Outlook Good—75 Miles Work Soon Under Way

Los Angeles Examiner: With the acceptance of \$400,000 of the State Highway bonds by San Diego county several days ago and the advertising for bids on about 75 miles of the highway in other counties, State Highway Commissioner Darlington stated that the work upon the great system of roads had started propitiously for the new year and by the beginning of 1915 a major portion of them would be completed.

Of the bonds subscribed by the southern county, \$115,000 of them will be used to complete eleven miles of coast highway between Los Angeles and San Diego. This amount will be taken up at once. The balance, which will be taken up when needed, will be used to construct the highway between San Diego and El Centro.

Bids have been advertised for the construction of two sections of the eight miles of the Rincon highway between Los Angeles and Santa Barbara. The remaining two sections will be placed open for bidding in the near future, stated the commissioner.

The construction of the Rincon highway is one of the most important portions of the highway system. When completed it will cut out the dangerous Casitas Pass which annually takes its toll of lives upon its steep and treacherous curves.

There will also be constructed on this highway seven sea walls and nine grade crossings will be eliminated. Commissioner Darlington stated that his engineers had reported that the mile and a half causeway of trestle work that had been constructed along the beach about a year ago had weathered the recent storm without being damaged. It is the plan to allow this structure, which is of wood, to stand for some time and to surface it with asphalt.

Work on other sections of the highways in the various counties, stated the commissioner, is progressing favorably. There is a greater demand for the bonds with the coming of the new year, stated the commissioner, and he was optimistic concerning the outlook.

The following are the counties in which road construction has been advertised for:

Eldorado county, 6.5 miles; Tuolumne county, 10.8 miles; Tulare county, 5.3 miles; Kern county, 19 miles; San Bernardino county, 1.7 miles; Ventura county, 7.7 miles; San Luis Obispo county, 19 miles, and Santa Cruz county, 5.7 miles.

ANXIOUS THAT THE PAVING BE STARTED

Garden Grove News: Our people are getting anxious for the paved roads to come this way. On Tuesday a committee of prominent citizens went over to Santa Ana to interview the highway commission and ask that work be started at the Blankenbiller corner on West Fifth street. The reason is that our people want a way to get out on a good road right away.

The commission stated that to comply with the request would cost the country about \$600 more to the mile from the fact that it would be necessary to pay double freight on gravel which would have to be transferred between the S. P. lines and the P. E. line. It is the present plan to get material over the Pacific Electric from near the San Gabriel river which will be cheaper. They expressed a desire to hasten the work as rapidly as possible, but thought it would be necessary to begin at the north end near Anaheim. This will delay the paving in Garden Grove for several months, it is expected.

The property owners here are for the paving of the side of the main streets, and it is expected that about all will agree to the plan before the work begins.

NEWPORT HARBOR IS TO BE MADE FEATURE

Newport News: At the meeting of the Chamber of Commerce held in the city hall Tuesday evening it was decided to employ W. H. Parsons to arrange an exhibit of Newport harbor at the San Bernardino orange show. An appropriation of \$50 was made for the purpose and a committee appointed consisting of Lew H. Wallace, J. P. Greeley and L. S. Wilkinson to appear before the trustees and ask for \$100 more. T. A. Robinson and J. P. Greeley were appointed a committee to attend the reception of the world's fair representatives from San Francisco at Los Angeles on the 22nd inst. It was decided to have a special day for Newport harbor at the big orange show at San Bernardino and if possible a special coach will be secured and used for the crowd from this city.

ONE FAMILY RUNS INDIANA POST-OFFICE HUNDRED YEARS

RISEING SUN, Ind. Jan 19—Kirk's Mill postoffice, near here, bears the distinction of being in charge of one family for a century. Since the postoffice was established 100 years ago there have been but three postmasters—Jacob Kirk and his two sons, Isaac and Lewis. The latter, who is postmaster now, is eighty-five years of age, with twenty years of service to his credit.

SPENT BULLET STRIKES GIRL

Came down on top of 5-Year-Old Child, Penetrating to Skull

Yesterday afternoon while little 5-year-old Travena Miramontes was playing in the yard at her home at 1906 West Fifth street, a bullet dropped down out of the sky and imbedded itself in the top of her head. The child's skull, fortunately, was not broken by the missile.

The bullet is a steel-jacketed 25-30 bullet, and might have been fired a mile or more away. City Marshal Jernigan and Officers Davenport and Ballard were called out to investigate the matter, and while they heard of three or four boys in the vicinity who had been out with guns, no one has been found who had a 25-30 rifle.

The bullet was removed from the girl's scalp by a physician, who stated that the skull was not injured.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Backachy or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is a delightful, effervescent, lithia water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

Notice to the Public

—The firm of Smiley & Smith being dissolved, the business being continued by R. R. Smith, who assumes all accounts and collects all bills. Those knowing themselves to be indebted to the firm will please call and settle. From this date all small bills must be cash. No credit will be extended except to those who have formed the habit of coming in and paying promptly every month. Hereafter will not make special deliveries with small orders, but will systemize delivery to reduce cost to a minimum consistent with efficiency.

Thanking you all for your liberal patronage in the past, and will endeavor to merit your patronage in the future.

Very truly yours,
R. R. SMITH.

CALL HIM TO LOCAL CHURCH

Pittsburg Minister Will Serve U. P. Congregation as Leader

This week Dr. J. G. Kennedy will arrive in Santa Ana in answer to a call from the United Presbyterian church for a period of six months service as minister of that congregation.

Dr. Kennedy is to be here in time to take charge of the services next Sunday. He comes to the church highly recommended.

Since the resignation of Rev. W. L. C. Samson, the pulpit has been filled by ministers from other places in Southern California. Yesterday Dr. E. S. McKittrick of Pasadena preached here. He is engaged in missionary board work.

FARMHOUSE PARLOR TO GO

MANHATTAN, Kas., Jan. 19.—The farmhouse "front room" or "parlor," with its garish lithograph pictures, its weird furnishings, and brilliantly flowered carpet is to be furnished up, and made into a real "living room," if plans being worked out today by home decorators at the Agricultural College go through. On the theory that pleasant home surroundings mean a great deal in the fight to keep the young people on the farm, the Agricultural Extension Department has decided to establish a system of education in interior decorating. The department will offer suggestions, when requested, as to what pictures to buy and where to get them reasonably; the kind of furnishings that will make the living room most attractive at a minimum expense, and the substitution of appropriate rugs for the ubiquitous flowered carpet. Suggestions as to wall paper also will be made.

MR. WILSON'S CONCENTRATED STYLE

President Wilson spent much time at Pass Christian writing his trust message. But that does not mean a voluminous state paper. With most of the presidents, the more time spent the longer the message spun out. Mr. Wilson seems to spend his time compacting and concentrating. That gives him a big audience.

Our presidents have always had facility in the use of language. Some of them have been clever phrase-makers and have coined expressions that stick in political life. But none of them, previous to Mr. Wilson, fully realized the effectiveness of the concentrated, direct style of a newspaper editorial.

The annual message to Congress used to be a compendium and reference book rather than an address. After long-booming statistics and comprehensive detail the vital discussion of tariff, trusts or currency would be reached. By that time the congressmen had retired yawning, getting the gist of it in some hastily written reporter's summary. The public reads the headlines. Occasional messages dealing with special subjects often strung out to 5000 words or more.

A newspaper editor expects to handle a large question in 1200 words. (the average newspaper column). The public is trained to this concise, terse, direct, logical style. A public speaker needs 5000 to 10,000 words for the same subject. The hearer wears at leisurely, wandering diversions to side issues, which platform oratory develops. That is why the newspaper is so much more influential than the lecture platform.

Mr. Wilson has set a new fashion in state papers. Any public man or public speaker should reflect on the advantages of this terse, journalistic style. For every man who will read a 5000-word message, there are 500 who will read a 1000 word utterance.

SIMPLY PROGRESSIVES

Some voters who are registering in California need to be advised as to what party designation to give the registering official. There is no longer such a thing in California as a "Progressive Republican." A man either registers as a Progressive or as a Republican, and the voter who calls himself a Progressive Republican will find himself registered as a Republican and will be given a Republican ballot when he comes to vote.

Bear in mind that the Progressive party has as its leaders Governor Johnson and his supporters, the men who gave to women the ballot in California, who made the state railroad commission a potent power for the public good instead of an innoxious byword; who gave us the eight hour day for women, the employers' liability act and other beneficent measures.

The Republican party in California is being reorganized by the men who in years past controlled it in the interests of the railroads and the political bosses. It was to repudiate these influences that the Progressive party was organized, and he who would align himself with the forces of progress and true democracy must register and vote with the new Progressive party. And finally, voters should register NOW.—Riverside Press.

WILL MEN WEAR TIGHT CLOTHES?

There is an old saying that a tailor is a ninth part of a man. It is needless to say that this opprobrious classification does grave injustice to very worthy men. A tailor is just as manly and dignified a figure as a banker or a lawyer.

Still, every type of character has its own failings. It is the fault of tailors as a class that the trade tends to develop too much love for the ornate. That is good as far as the female sex is concerned, as it is their mission to be beautiful. But applied to men, whose mission it is to be strong and resourceful, it is not appropriate.

Perhaps this over emphasis on decorative elements, which of course was once far more extreme, led to the slighting estimate started by the proverb.

Tailors still try to "put over" new fashions more or less contrary to the desires of men and inappropriate to their needs. This may arise either from the desire for more adornment, or partly from the business fact that the oftener styles change the more clothes will be sold.

This year the National Association of Clothing Designers, in session at Baltimore, is planning the styles of 1914. It is given out that man's clothes will be tight, clinging to his

form "like tights to the pony ballet." There have been periods when it was said the fashionable man had to use a shoe horn to put on his trousers. The garments looked like it.

No matter how many clothing designers and tailors may decree such styles, they will not be generally worn. A man may want to look like a fashion plate. But he does not want to feel like one when he rolls back his cuffs to do a day's work.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

—50 cents for \$1.50 trip Thursday to Culver City.

\$15—reduced price.

\$5—the amount you save on a Hart Schaffner & Marx \$20 Suit or Overcoat. Can you afford not to save \$5.00?

W. A. HUFF

THE CITRUS FRUIT INDUSTRY

Department of Service to Citrus Fruit Growers, Conducted Especially for the Register.

Copyrighted by Reginald Brinsmead.

SOUTHERN CALIFORNIA'S VERSATILITY OF RESOURCES

Only a few years ago California citrus fruit growers and farmers throughout the entire Pacific coast relied wholly upon foreign sources for their supplies of artificial fertilizers—Eastern tankage, bone, rock phosphate, German potash, Chili nitrate of soda, etc.—and the development of the fertilizer business on the Pacific coast is the more remarkable from the fact that it includes all the essential plant foods required for the complete fertilizer. Whale meats and bone from British Columbia, fish scraps from the northern and Alaskan canneries (this being practically all bought up by the Japanese and shipped back to Japan), tankage, blood and bone from coast packing houses, all these and more have already become important sources of our fertilizer supplies, and are the beginning of industries which in the near future are to become enterprises of magnitude.

The one important plant food hitherto lacking in the United States has been potash, and even that California is now supplying. While potash is the least important of the essential plant foods (nitrogen phosphate acid and potash), it is yet a necessary ingredient of the complete fertilizer and must be supplied in soluble form to the citrus tree to obtain the best results. Even in our granite citrus soils it is required in order to obtain the best results, and its cost is no mean item in the fertilizer bill. Hitherto the sources of supply have been virtually confined to Germany, shipping sulfate of potash, and the opening of any new sources of supply is of the utmost importance to all who use it as a fertilizer.

In the help beds of the Pacific coast have been found a practically inexhaustible supply of potash, which modern methods of treating have rendered commercially available. For many years the federal government has been searching for potash throughout the length and breadth of this country and in the course of these investigations mapped out the help beds of the Pacific coast, calling attention to the immense amount of potash to be found in them. Government reports state that it is probable that less than one-fourth of the standing help had been mapped, and that the important groves can be cut twice a season, so that it does not appear extravagant to say that the Pacific helps along the coast of the

United States at their best yield annually over 6,000,000 tons of potassium chloride, with a value at present prices well over \$240,000,000. We thus have here an enormous supply to draw from, the greater part of which is tributary to Southern California; and its value does not rest alone on the potash to be extracted, for in addition one plant already started up near Long Beach is extracting potassium chloride, manure, salts, organic carbon, calcium carbonate, iodine, ivory black, varnish gum, and vegetable creosote, from which it can be seen that a wide range of valuable products are being obtained.

Another new industry, so far as Southern California is concerned, is that of the production of whale meat and bone fertilizer and by-products. This has been thoroughly investigated by one of the big European fertilizer companies, which will probably erect a big plant near San Pedro within a short time.

The increasing demand for fertilizer on the Pacific coast is thus being now met by local production, eliminating the high freight rates which have hitherto done so much toward maintaining the available supplies at a very high figure. Southern California is destined to become an important fertilizer center, ample harbor and shipping facilities, once the Panama canal is open to commerce, assuring profitable markets for all that can be produced, in addition to guaranteeing ample plant food for all local crops. We have sources found in Southern California in the desert; nitrogen, from whale meat, tankage, and eventually, by means of soil inoculation, from the atmosphere; phosphoric acid, from whale bone, packing house bone, etc.; lime, iron, and other mineral plant foods, from innumerable rock sources. Thus all the necessary plant foods are produced locally, once more demonstrating the wide versatility of this wonderful state, which not only produces a wider range of commercial crops than any other part of the world, but also manufactures and produces a wider range of plant foods for the growth of these crops than can be found on any other spot on the earth's surface. And furthermore a large percentage of the plant food to be here produced will be obtained from the ocean; this to an extent hitherto undreamed of in the history of agriculture or horticulture.

So even if County Clerk Williams, County Assessor Sleeper, and two or three others manage to steer their craft through the troubled seas without opposing winds, the voters are going to have at least one fight that is going to be a right smart scrap.

And if rumors that some floating down the street from grand jurors and others, the job is well worth making a fight for. They say the salary of \$2500 a year is not all that goes with the office by a long jump.

And when Jackson enlarges his happy vote-hunting ground from township to county, an aching void is left in the local fight for constables. As long as Jackson was running for constable, he was credited with ability to keep the place. At least, he did it. But he is not going to run again. Frank Heard will be out, and it is more than reasonable to suppose that he is going to be re-elected. But there is a vacancy. And as yet no candidate has avowed his intention of becoming a successor to Jackson as constable, humane officer, truant officer and—don't forget—the chairmanship of the censor commission. Get busy. Yes, indeed, there is a real good job, and nobody out hunting for it. So get busy! It's yours

for the asking—maybe.

There are other county offices where contests are lined out, but as yet only two hunters for any of them, except the sheriff's office. William C. Jerome of Santa Ana, who with his brother has raised grain and beans on the San Joaquin for years and grain near Olanda for several years, will do his very best to be the next county auditor in place of C. D. Lester, and there is some talk that Frank S. Trickey, formerly a Santa Ana merchant and now a merchant at Orange, is likely to be a candidate against Tax Collector J. C. Lamb, while J. C. Metzgar, secretary of the Santa Ana Chamber of Commerce, may come out against County Treasurer J. C. Joplin. County Clerk Williams, County Assessor Sleeper, County Recorder Peters, District Attorney West, County Superintendent of Schools Mitchell, County Surveyor McBride and Coroner and Public Administrator Wimbler are still quite free from early campaign worries, though some of them are wondering what the morrow will bring forth. Though there is a large chance that C. R. Schenck will again try conclusions for the surveyor's job, he has not decided what he will do.

Three of the supervisors, Struck of Orange, Leck of Tustin and Talbert of Huntington Beach, are term-enders. Struck is going to run again, and the latest from Tustin indicates that Leck will more than likely be in the race for re-election. A report from the Huntington Beach district indicates that Talbert has not decided what he will do. Talbert has made a mighty good supervisor for his district and a mighty good board chairman, and a decision from him not to run would be a sore disappointment to a good many people.

It was reported out at Tustin that Leck was not going to be a candidate, and a number of residents began trying their persuasions upon John A. McEadden, president of the Orange County Fruit Exchange, in an attempt to get him into the race. One thing is quite certain, and that is that Tustin is going to have a candidate.

The report that Leck would not be a candidate was erroneous, for he has not reached that decision.

The new election laws have made a number of changes that are not thoroughly understood. Among them is the status of the voter who registers declining to state a party affiliation. Two years ago any person who registered in that way could not vote at any of the primaries. This year he can vote on township and county offices. A separate ballot will be prepared for the decliner. There will be no reference to any state office upon that ballot, but all other nominees will be laid out before him. He can vote his choice for sheriff of all the candidates that are out, whether those candidates be Republican, Democrat, Progressive, Socialist or Prohibition. Every nominee of whatever party affiliation will be subject to a vote by every voter who goes to the polls at the primaries.

Four years ago nomination petitions could be started any old time, and some of them were started as early as January. When one man jumped out with a petition, others got anxious, and things began to hurry early in the year. Under the new law, a nomination petition cannot be started before seventy days before the primaries, which will come about August 25. It will be the middle of June before the clerk can give any aspirant a petition. That this state of facts exists is not generally known among candidates was shown today when two candidates were at the courthouse asking for petitions.

Doings In Social and Club Circles

DELIGHTFUL LUNCHEON

Parent-Teacher's Association Officers and Lincoln School Teachers Are Guests

One of the notable social events of last week was the beautifully appointed one o'clock luncheon given Saturday by Mrs. A. J. Crookshank for the teachers of the Lincoln school, the officers of the Lincoln school Parent-Teacher's Association, of which Mrs. Crookshank is president, and the heads of the county and city Federations of Parent-Teacher's Associations. Pink and white were the tints used in the color scheme of decorations. From bouquets of pink and white carnations in the center of the table ran pink ribbons to tiny baskets of nuts at each plate.

The day having been discovered to be the natal day of Miss Phyllis, a lovely birthday cake on which were sixteen candles was brought forth in her honor, the honoree cutting the cake. The afternoon was spent in various progressive contests, the one winning the largest number of scores being rewarded with a hand-painted cup and saucer. Miss Phyllis was one of the two holding best list of scores and won the prize on a cut. Miss Wagner won second prize, a hand-painted bonbon dish.

Mrs. Crookshank's guests included the following: Mrs. H. C. Dawes, first vice-president of the Lincoln school association; Mrs. H. M. Robertson, second vice-president; Mrs. W. N. Smith, treasurer; Miss Linda Paul, secretary; Mrs. G. P. Hill, County Federation president; Mrs. McElree, City Federation president; Mrs. Gertrude Finley, Miss Stewart, Miss Shure, Miss Wagner, Miss Havens, Miss Hill, Miss Phyllis, Miss Snow, Miss Andrew.

Merry Evening Party

A girls' party was one of the enjoyable events of last Saturday evening, Miss Lurline Dickey being the hostess at her home, 208 South Sycamore street.

Various amusements, among which dancing of the Minuet, the Virginia Reel and other old dances was a leading feature, kept the young ladies highly entertained until the serving of a delicious supper.

The girls who participated in the joyous evening included Misses Olive Newcomer, Opal Baker, Rena Stafford, Mary Collins, Grace White, Esther Fluor, Gertrude Potts, Bess Thorne, Alice Robinson, Mary Whipple, Zelma Sturgeon, Lurline Dickey.

Past Matrons to Meet

The Past Matrons' Association will meet tomorrow (Tuesday) afternoon at the home of Mrs. F. N. Norton, 511 South Birch street.

The Philosophy Club

The meeting of the club will be held next Tuesday evening, January 20, at 7:30 o'clock at the home of Mr. and Mrs. A. J. Crookshank. The talk for the evening will deal mainly with the subconscious self. Certain fields of applied psychology will also be discussed, such as the psychological laboratory and its methods, tests for vocational guidance, and the use of tests for detecting the truth and falsity of the testimony of witnesses in court trials. The discussion of the subconscious will be preparatory to the discussion of hypnotism and psychic phenomena at the February meeting.

Philharmonic Society

The Philharmonic Society will meet tomorrow evening at 7:30 o'clock for rehearsal at the home of Harry Garstang, corner First and Cypress streets.

Woman's Club to Meet

The Woman's Club will meet at 2 o'clock tomorrow afternoon at the home of Mrs. B. Uttley, 423 East Pine street. Roll call will be responded to with Bible proverbs. The program will be in charge of Mrs. Elizabeth Mills who will conduct a round table to discuss the topic of "What Constitutes an Ideal Home." All members are urged to be present as Mrs. Mills has arranged an especially attractive program.

Shoplifters' Haul

Taylor's Cash Store was visited by shoplifters Friday, and a pair of boots, some hose, a collar case and fifteen collars were taken away. The store has offered a reward of \$10 for the arrest of the thieves.

FINE DEMOCRATIC RAIN

"The Democratic party came into power last March with very disturbed business conditions, growing out of mismanagement of business affairs at the hands of our opponents."

Oscar Underwood, Democratic leader of the House of Representatives. Why confine the blame to the poor old Republican party to its mismanagement of business? Take, for example, its mismanagement of the weather. The last two years of the Taft administration, so far as California weather was concerned, were an abject failure. Lack of rain caused heavy losses throughout the state.

And now just look at this fine Democratic downpour we've been having, overdone in places, perhaps, but still a great blessing.

Personals

Mrs. F. M. Young of Young's Restaurant, spent today in Los Angeles.

Dr. and Mrs. Scott of Loveland, O., are here for a month and are located in the S. Hill residence on North Main street. They are charmed with California. They are cousins of Mrs. Roubush.

Mrs. C. G. Summers has sold her seven-room house on the southeast corner of Broadway and Tenth street to J. D. Sweet of Fairhaven avenue. Mr. Sweet, who came here with his family a short time ago from Las Cruces, New Mexico, is a cousin of Oliver Halsell. Mrs. Summers will give possession by the end of this week.

The call of the "Land of Manana" caused Robert R. Gill, who has been visiting relatives in this city, to break his resolution never to return to Mexico, and on Thursday he sailed from San Diego on the "Benito Juarez" for Mazatlan, in the state of Sinaloa. He has a position with the Southern Pacific Railway Co. of Mexico.

Mrs. Will McFadden has taken her four-months-old baby to the Angell Hospital in Los Angeles, where he will be under a specialist's care until they find a food that will properly nourish him. She has taken rooms in Los Angeles in order to be near the child.

Mr. and Mrs. Kimball of Sherman, Texas, who spent several months in this city eight or nine years ago, are here again this winter and are located at 419 French street. They are an uncle and aunt of Mrs. Alvi Stedman.

Mrs. W. H. Newcomer of Garden Grove, and formerly of this city, who underwent a serious operation at the Santa Ana Hospital some two weeks ago, is recovering nicely and is expected that she will soon be able to return to her home.

Mr. and Mrs. J. F. Virtue, who have been visiting the family of A. V. and W. T. Merigold, have started on their return to St. Paul, Minn. En route they will stop at the Redlands home of Mr. Virtue's uncle for a short visit.

George W. Young and J. S. Fluor have returned from a business trip to Santa Ana.

Mrs. Arthur Lyon went to Los Angeles last morning.

Carson Smart returned to Occidental this morning after an over Sunday visit at home.

Mrs. E. E. McDowell, who has been spending some time at the G. P. Hill home, left Saturday for her home in Hemet.

Miss Emma Leavitt, who for three years past has been living at the S. Hill home, left Saturday for Fresno, where she will visit her brother before going on for permanent residence at Frankfort, Kansas.

Horse Blanket Stolen

S. R. Gittens has reported to the police that a \$4.50 horse blanket was stolen off his horse's back while it was standing in front of the Pacific Telephone Company office Saturday night. It was a dark grey blanket. Gittens lives at 712 West Walnut.

FOR MISS MIZE

Bride-to-Be Entertained at Home of Miss Amy Bent With Afternoon Party

Miss Amy Bent charmingly entertained on last Saturday afternoon with a party for Miss Milly Mize who is to be married within a week to Carl Galbreth. There were about twenty-five young ladies present at the Bent home, 216 Ross street, opposite pretty Birch Park, and the afternoon passed merrily. Miss Bent was assisted in entertaining and serving the dainty refreshments that were passed on individual trays by her mother, Mrs. Bent, Misses Margaret Gallup, Anna Cotter and Juanita Willis.

The first part of the afternoon was spent with a flower masquerade, a story read to the guests by the hostess, in which a number of blanks had to be filled in with the names of flowers. Mrs. Walter Sutton won the first prize for largest list of correct floral words. The pretty prize was a framed "Cupid Awake" the consolation prize, a cute kewpie, going to Miss Hester Billingsley.

Following the flower masquerade, a lovely musical program was rendered with Miss Minnie Wild and Mrs. Humphrey playing a piano and violin duet, entitled "Lilacs"; Miss Cora Belt singing "The Holy City"; Miss Freda Moesser rendering "My Lady's Bower"; Miss Ruth Armstrong playing Liszt's Etude in D Flat; Miss Anna Witt giving "O, Because I Love You, Dear," and Miss Hazel Rowley pleasing with "Song of the Heart." The program was admirable and greatly enjoyed.

A feature of the afternoon was the presentation to Miss Mize of a handsome silver meat fork, the gift being from the members of the Happy Hours Club to which Miss Mize belongs.

AMUSEMENTS

Grand Opera House

There is absolutely no truth in the report that "Mutt and Jeff" are to retire from the stage and confine their humorous adventures exclusively to the columns of the various newspapers throughout the country. We have it from no less an authority than Manager Gus Hill himself. It was Mr. Hill who originally conceived the idea of having "Mutt and Jeff" try their fortunes before the footlights, and it was also Mr. Hill who first saw the possibilities of the popular newspaper cartoons as a profitable stage attraction. Bud Fisher's favorite creations are again to be the heroes of an original production at the Grand Opera House on next Tuesday.

The offering will be "Mutt and Jeff in Panama." The vehicle this time will permit the famous "long and short of it" to go through a lot of hair raising and wital humorous adventures under real melodramatic conditions. Starting from Old Point Comfort, Va., they will wind their way to Panama. From there they will emerge aboard the good ship "Frisco," and winding up at the Panama exposition at San Francisco. Their escapades are many and numerous and if their efforts fail to establish a new record for continuous laughter it will be because we have all lost our keen sense of humor. "Mutt and Jeff" first come into view as roller chair experts. From then on they are detectives, waiters, barbers, hold-up men, ne'er-do-wells and what not, surely a combination of disguises consistent with their varied and checkered natures.

Mr. and Mrs. Kimball of Sherman, Texas, who spent several months in this city eight or nine years ago, are here again this winter and are located at 419 French street. They are an uncle and aunt of Mrs. Alvi Stedman.

Mrs. W. H. Newcomer of Garden Grove, and formerly of this city, who underwent a serious operation at the Santa Ana Hospital some two weeks ago, is recovering nicely and is expected that she will soon be able to return to her home.

Mr. and Mrs. J. F. Virtue, who have been visiting the family of A. V. and W. T. Merigold, have started on their return to St. Paul, Minn. En route they will stop at the Redlands home of Mr. Virtue's uncle for a short visit.

George W. Young and J. S. Fluor have returned from a business trip to Santa Ana.

Mrs. Arthur Lyon went to Los Angeles last morning.

Carson Smart returned to Occidental this morning after an over Sunday visit at home.

Mrs. E. E. McDowell, who has been spending some time at the G. P. Hill home, left Saturday for her home in Hemet.

Miss Emma Leavitt, who for three years past has been living at the S. Hill home, left Saturday for Fresno, where she will visit her brother before going on for permanent residence at Frankfort, Kansas.

WILL TRY FEDERAL JUDGE

WASHINGTON, Jan. 19.—Representatives Webb of North Carolina, Floyd of Arkansas, and Volstead of Minnesota, left here today for Macon, Georgia, to begin impeachment proceedings against Federal Judge Emory Speer, under special order of Congress. Judge Speer has been ill for several months.

SEWELL, N. J., Jan. 19.—Mail Carriers

George McFarland found a couple of cats among his parcel post assortment Saturday. The cats made his route a lively one, but they were finally delivered. The carrier has handled almost everything in small livestock.

MEXICAN LIBERAL EDITORS END TERM FEDERAL PRISON

SEATTLE, Jan. 19.—After seven months in a federal prison at McCall's Island for the violating of the neutrality laws, Ricardo Magon, Enrique Magon, Anselmo Figueroa and Librado Rivero, editors of the Mexican Liberal party organ, "Regeneracion" at Los Angeles, were released today. The prisoners were among the first to defy the Diaz regime. They plan lecture tours in the Northwest before returning to Los Angeles.

Correctly fitting glasses are made by Dr. Loersch, 116 East Fourth.

A Sale of Men's Shirts consisting of over 700 patterns

To many men this shirt sale is the most important feature of our Semi-Annual Clearance Sale. It is the time they buy their shirts for the next half year; proving a benefit all around; saving the buyer money—and making room for our spring purchases.

For convenience we divide the shirts into four lots:

59c	85c	\$1.29	\$1.65
for choice of the 75c qualities	for choice of the \$1.00 qualities	for choice of the \$1.50 qualities	for choice of the \$2.00 qualities

We advise early selection.

MISS FERN HOBBS MAY BE CANDIDATE OREGON GOVERNOR

SALEM, Ore., Jan. 19.—Those who have been watching the course of politics at the state house for the last year are predicting that Miss Fern Hobbs, the private secretary of Governor West, who led the invading forces to Copperfield recently, is not an unlikely candidate for governor. There is nothing in the constitution of Oregon to prevent a woman from being elected governor if she can get the votes, since Oregon has granted the right of suffrage to women.

It decided that Governor West, who has announced that he will not run again, purposes to support his secretary to succeed himself.

\$4,000,000 URGED FOR LEVEES ON UPPER MISSISSIPPI

WASHINGTON, Jan. 19.—Emory Andrews of Matton, president of the Upper Mississippi Levee and Drainage Association, and Charles Nixon of East St. Louis, secretary of the association, are in Washington to arrange a hearing before the committee on rivers and harbors. They intend to urge that an appropriation of \$4,000,000 be made for building levees on the upper Mississippi. They represent fifty-two drainage districts, thirty of which are in Illinois.

ILLINOIS WOMEN STUDY VOTING LAWS PRIOR TO CAMPAIGN

CLINTON, Ill., Jan. 19.—Two hundred Clinton women here have organized a woman's law and order league. Mrs. W. S. Harold was elected president. Members of the organization plan to study voting laws, so they can take an active part in the local option campaign in April.

BANKERS SEEKING REGIONAL BANKS FOR COMMUNITIES

CHICAGO, Jan. 19.—Federal Secretaries McAdoo and Houston are here today hearing arguments in the territory tributary to Chicago for a regional bank. A hundred bankers are present from a dozen communities. Lowans are especially active trying for a bank in their state.

13 RESCUED FROM ICE-COATED SINKING SHIP

BALTIMORE, Md., Jan. 19.—Rescued from their ice-coated sinking ship after they had given up all hope, the thirteen members of the crew of the five-masted schooner Fuller Palmer arrived yesterday aboard the steamer Marina. The rescue was made by the Marina early Thursday morning about 154 miles southeast of Cape Cod.

Worms Cause of Your Child's Pains
A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer—Kickapoo Worm Killer will give sure relief—it kills the worms—while its laxative effect adds greatly to the health of your child by removing the dangerous and disagreeable effects of worms and parasites from the system. Kickapoo Worm Killer as a health producer should be in every household. Perfectly safe. Buy a box today. Price 25c. All druggists. Sample or by mail Kickapoo Ind. Med. Co. TWO AND HALF INCHES RAIN

Orange Thankful for the Fall of
Moisture During the Last
Week

(By Staff Correspondent.)

ORANGE, Jan. 19.—Orange awakened to sunshine this morning after five days of rain; awoke to find that over two and a half inches of splendid rain had been left in the wake of the recent storm, now faded beyond the horizon.

Yesterday's registration of .54 inches, with this morning's .13 inches

Mrs. Newhome—"Come in, Anty Drudge. I want to ask your advice, and I'm so glad to see you. What shall I use to get this pencil mark off of my nice, white woodwork? Baby did it—and I'm so worried over it."

Anty Drudge—"Why, my dear, use Fels-Naptha Soap. The mark will come off in a jiffy. Don't you use Fels-Naptha for all your work, as well as washing? You ought to."

Millions of women use the soap that makes their work easy—Fels-Naptha. Take the weekly wash, for instance. Instead of drudging over the tubs all day, heating water, keeping up a hot fire to boil the clothes and rubbing up and down on a washboard, put the clothes to soak in cool or lukewarm water with Fels-Naptha Soap. In thirty minutes rub them lightly, rinse and hang on the line.

Follow the directions on the Red and Green Wrapper. Better buy it by the box or carton.
Fels & Co., Philadelphia.

Try Beaver Board
Next Time

It will save all the muns and litter of lath, plaster and wall-paper.
It permits most beautiful interior designing in the most modern style.
It never cracks or deteriorates, and needs no repairs.

BEAVER BOARD
For Walls and Ceilings

Beaver Board is very quickly and easily put up; makes a house warmer in winter, cooler in summer; is painted—doing away with unsanitary wall-paper; and has many other advantages. Let us show you samples and tell you all about it.

See us for Beaver Board, lumber, mill work, cement
GRIFFITH LUMBER CO.

placed the total for the storm at 2.56 inches and for the season at an even six inches. All of which places the ranchers and townspeople in glad humor. Dry farming was wonderfully aided by the late downpour and it is generally felt that brilliant crop prospects are assured.

A brilliant home wedding was celebrated yesterday at the T. M. Shadel home on North Orange street, when their niece, Miss Harriet Voneida, was united to Mr. Walter Guy Smith. The ceremony was performed at 2 o'clock by Rev. B. C. Cory, pastor of the First M. E. church. Miss Flora Palmer played Mendelssohn's wedding march, the bride couple taking their places accompanied by little Frances Smith of Los Angeles, as flower girl.

The white and pink decorations in the parlor, and the violets in the dining room lent added charm to the pretty scene of the ceremony. The bride was attractively gowned in white crepe de chine and carried a bouquet of white carnations and ferns.

Light refreshments followed the ceremony and congratulations. A brilliant array of wedding gifts was one of the features of the event.

The bride and groom departed later for their wedding trip, after which they will be at home in a pretty new bungalow in Placentia. They will carry with them the well wishes of a host of friends, as both have grown up in this vicinity.

About forty guests were present at the wedding, including Mr. and Mrs. Shadel and family, Mr. and Mrs. S. B. Gearhart of Los Angeles; Lee Brewer and family, Los Angeles; S. J. Smith and family, Los Angeles; Mr. and Mrs. M. L. Weaver, Glendale; George Voneida, Hawatha; Mrs. James Voneida, San Diego; Mr. and Mrs. A. M. Smith and family, Mr. and Mrs. C. F. Pine and son, Earl, Mr. and Mrs. H. B. Robertson, Mrs. S. Armer, W. O. Hart, Harry Helwig, Miss Lulu Kenyon, Miss Lelah Fernald, Misses Isabella and Adaline Geldermann, Misses Flora and Margaret Palmer.

O. M. Coate, recently from Des Moines, Iowa, has purchased the Edward Seckert seven-room bungalow and one acre on North Batavia street. Mr. Coate is a son of Mr. Elwood Coate of this city.

The death of Mrs. Sarah J. McKee, aged mother of Mrs. Mary Gilchrist, took place at 6 o'clock yesterday morning at the Gilchrist home on South Orange street. Funeral services will be held at the residence tomorrow afternoon at 2 o'clock. Interment will be made in Fairhaven cemetery.

Mrs. J. M. Dyer and daughter, Miss Maude Dyer, of Logi, Ohio, arrived in Orange Saturday to spend the winter with Mr. and Mrs. George T. Clapp. Mrs. Dyer is a sister of Mr. Clapp.

Mr. and Mrs. Hugh McCrae of Santa Ana, spent today with Mrs. May and Miss Edith Leach of Orange.

Mr. and Mrs. J. F. Fitton left this morning for Newport Beach to spend a couple of days.

Mrs. James Voneida of San Diego was here yesterday to attend the wedding of her sister-in-law, Miss Hattie Voneida, to Mr. Guy Smith. She went on to Los Angeles this morning to visit with other relatives.

The junior department of the Methodist Sunday school held a social at the church parlors Saturday afternoon at 1 o'clock. The affair was to have been held out of doors, but on account of the weather the change was made. Sixty-one members were present and enjoyed the afternoon with songs and games, at the close of which refreshments of sandwiches, cake, chocolate, popcorn and nuts were served to the delight of all present.

Mrs. P. I. Bird and Mrs. Wm. Deal are spending the day in Los Angeles. Fred Lentz was home from Puente to spend Sunday with relatives.

Dr. J. E. Colloran of Los Angeles was in this city yesterday visiting with friends.

Mr. and Mrs. Ewing Renshaw of Santa Ana were guests at the P. I. Bird home Saturday.

Mrs. Frank Lord and Mrs. John Grogg and son Charles have returned from a visit with friends in Los Angeles. Mrs. Lord attended the Mission Play.

BUILD A BULKHEAD FOR A PROTECTION

HUNTINGTON BEACH, Jan. 19.—Work was begun yesterday on the bulkhead being built here to protect the bath-house and pier approach from high tides. The Mercereau Bridge and Construction Company of Los Angeles has the contract. Owing to the high mesa which rises here immediately at the ocean front no damage has thus far been done by the unusual tides of the past two weeks.

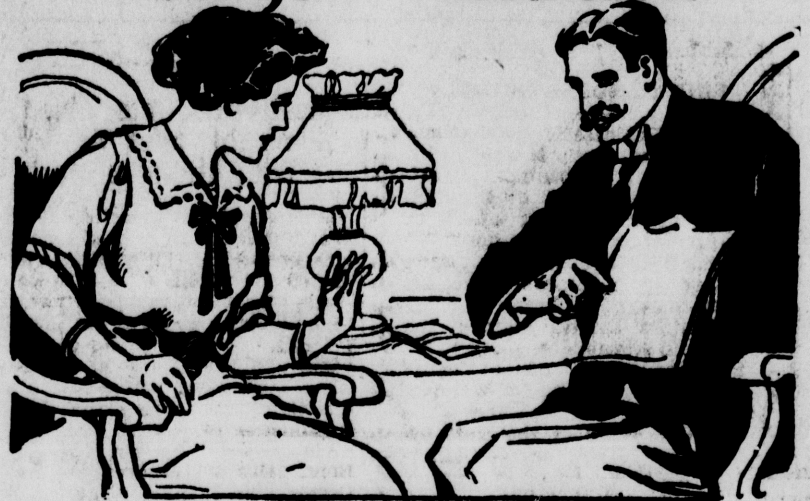

Registration thus far in this precinct, with about one-fifth of the total vote registered, shows that eighty-two persons have registered as Republicans, twenty-nine as Progressives, twenty-six as Democrats, four as Socialists and three as Prohibitionists.

Although nearly two and a half inches of rain has fallen here since early last week, the rain still continues, and prospects are that it will be the heaviest rainfall within a given period experienced in this section. The rain is of incalculable benefit to crops.

Wonderful Cough Remedy
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. Dr. F. L. Johnson of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail, H. E. Bucklen & Co. Philadelphia or St. Louis.—Advertisement.

LEGAL NOTICES

ORDINANCE NO. 104

An Ordinance prohibiting injury to county roads and other public grounds, and fixing a penalty therefor.

The Board of Supervisors of the County of Orange, State of California, do hereby ordain as follows:

Section 1. Every person who willfully, without malice and without being thereto authorized by the proper authorities, digs up, plows up, removes, or breaks the earth, soil or more upon, or otherwise injures any county road, public highway, private way, street, alley, avenue or park, or any part thereof laid out by authority of law, or otherwise dedicated, used, recognized or established as such, is guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding Three Hundred Dollars, or by imprisonment in the county jail, not exceeding ninety days, or by both such fine and imprisonment.

Section 2. This ordinance shall take effect on the 1st day of February, 1914, and prior to the expiration of fifteen days from the passage thereof, shall be published for at least one week in the Santa Ana Daily Evening Register, a newspaper printed and published in the County of Orange, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

T. B. TALBERT,
Chairman of the Board of Supervisors of Orange County, State of California.

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors.

State of California, County of Orange, ss. I, W. B. Williams, County Clerk of the County of Orange, State of California, and ex-officio Clerk of the Board of Supervisors thereof, do hereby certify that at the regular meeting of the Board of Supervisors of Orange County, held on the 13th day of January, 1914, at which meeting there were present, Supervisors H. E. Smith, Wm. Schumacher, Fred W. Struck, Jasper Leck and T. B. Talbert, Chairman presiding, and the Clerk, the foregoing ordinance, consisting of two sections, was considered section by section, and each section separately considered, and the said ordinance was thereupon then passed and adopted as a whole by the following vote, to-wit: Ayes, Supervisors Leck, Smith, Schumacher, Struck and Talbert. Nays, None. Absent, None.

In Witness Whereof, I have hereunto set my hand and affixed the seal of said Board of Supervisors of said Orange County, this 13th day of January, 1914.

(Seal)
W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors.

Notice of Meeting

The Stockholders of the Tustin Lemon Association, Orange County, California. Notice is hereby given that at a meeting of the Board of Directors of said association held at their regular place of meeting on November 18, 1913, the following was called for the stockholders of the Tustin Lemon Association to be held at their regular place of meeting in their offices near the village of Tustin, Orange County, on the 20th day of January, 1914, at 3 o'clock p. m. for the purpose of voting on the proposed change of name of said association to Tustin Lemon Association, and that notice of said meeting be given in the Santa Ana Daily Evening Register, a newspaper published in the County of Orange, State of California.

ROY RUMBLE, Secretary.

NOTICE TO CREDITORS

Estate of J. Howard Bell, deceased. Notice is hereby given to the creditors of the Estate of J. 26 HORSES AND MULES LOST IN FIRE

Barn at Irvine Ranch House Goes in Flames that Bring \$9500 Loss

HOW IT STARTED IS QUESTION UNANSWERED

Conflagration Began at Midnight—Fourteen Head of Stock Saved

A fire of unknown origin last night destroyed a barn, twenty-six horses and mules and several score tons of hay at the Irvine Co. ranch house. It was about 12:30 o'clock that the fire was discovered, and it was then too late to prevent the destruction

of the building and most of its contents. About forty head of stock were in the barn, and the fire had so far progressed when it was discovered that only fourteen head were rescued. It is estimated that 200 tons of hay were burned. Hay is worth \$15 a ton. The horses and mules were worth probably \$4500. The barn was worth \$2,000. The loss was partially covered by insurance.

STATUE OF WILLIAM PITT TO BE PRESENTED TO U. S.

LONDON, Jan. 19.—Lady Arthur Paget, formerly Miss Mary Stevens of New York, is rapidly bringing to a successful issue the plan to present to the United States a statue of William Pitt. Various American society women in London who have married Englishmen are interested and contributions are coming in rapidly. The duchess of Marlborough gave \$2500 and other well-known people are subscribing.

BEARDSLEE STILL HOLDS POSSE FROM HIS HOME

SUMMERDALE, N. Y., Jan. 19.—Edward Beardslee, who last week shot Poor Master Putnam because he tried to take his children to the poor house, is still standing off the posse which surrounded his home to starve him out. Mrs. Beardslee, who is reported in a delicate condition, and nine children, have been practically without food for five days in the house. It is rumored that Mrs. Beardslee was shot in the leg when a child dropped its father's revolver, but there is no way to ascertain the truth of the report.

NEW SCHOOLS ARE PROPOSED

Petitions Ask for Districts West of Orange and at Paularino

Stanton Residents Seeking to Get School at the Town Center

County Superintendent of Schools Mitchell has received petitions for two new school districts. One petition asks for a new district west of the Santa Ana river in the section where the county farm is located. It is proposed to call the district Orangewood, and form it of territory taken from Orange, Katella and Garden Grove. Only that part of the Orange district west of the river will be included in the new district if the petition is granted by the Board of Supervisors when it comes up for hearing on Feb. 4th.

The second petition will be heard next Wednesday. It asks for a new school district at Paularino, the petitioners taking the name as it is spelled by the Southern Pacific for its station on the Newport Beach steam road and not as the old Spanish family, Pollorino, spelled the name. The petition asks that the new district be made of territory taken from Fairview and San Joaquin districts.

Stanton residents are preparing to petition for a change of boundaries. They will ask that part of the Magnolia district and part of the Los Alamitos district be added to the Savanna district. It is then proposed to move the school from the present location of the Savanna school to the town of Stanton, and instead of a one-teacher school establish a school with two or more teachers in it.

County School Board The county board of education met Saturday and prepared questions to be given in an examination in arithmetic to the fifth, sixth and seventh grades of the county and in bookkeeping to be given the eighth grades next Friday.

Grammar school teachers' certificates were granted to Miss Mabel A. Gutzler of Riverside County and Miss Frances V. Forst of Anaheim; a high school certificate to Miss Ruby M. Souders of the Santa Ana High School; a special certificate in manual training and home economics to Miss Clarissa M. Works of Fullerton, and a home economics certificate to Miss Viola E. Wood of Orange.

KANSAS CITY OPENS MUNICIPAL ELECTRIC SUPPLY STORE

KANSAS CITY, Jan. 19.—The latest novelty in municipal ownership, a municipal store, opens in this city this week to sell electrical appliances. The city has a municipal water plant, a municipal light plant, is planning a municipal ice plant and is now going to reduce the high cost of living further by establishing a store where lamps, electrical stoves, and all manner of electrical household appliances are to be sold.

The middleman's profit in handling these electrical appliances was found to be so much that many who desired them could not purchase them.

—For chronic constipation—Dr. Lane's Lubrico. All druggists.—Adv.

My Home Place For Sale

2220 North Main St. 80 ft. front, 280 ft. deep. Nine room house, good garage, good assortment of fruits and nuts. I am anxious to sell it and will make price concession. Might take in cottage or some vacant lots as first payment.

HORSE WRECKS FROG GARDENS

Judge Thomas Hearing a Case Appealed from Justice's Court

Today Judge Thomas is hearing a famous case that comes to Santa Ana from Huntington Beach. In the evidence is the story of a horse that did his best to wreck the Southern California Marine Gardens.

J. N. Ellis, the plaintiff, asked judgment for work done on a well. The Gardens replied with a cross-complaint. It was declared that one of Ellis' horses went wild, smashed up some tiling, jumped into a frog pond and scared the bull-frogs half to death, bumped into a windmill tower and put it out of commission, and ended by going through a fence. The horse did not make a small hole in the fence. He shoved it down maliciously, and fence for several dozen feet on both sides of the point of contact went down with a crash.

Justice Cox gave Ellis judgment for \$27.50, and the defendant took an appeal.

Taylor Case Tomorrow Tomorrow Judge Thomas and a jury will begin taking evidence in the action of Minnie N. Taylor against Charles D. Taylor, Russell T. Joy and Edith Joy Murray. This suit was commenced in 1910, Mrs. Taylor asking for \$2500 a month alimony and for judgment setting aside deeds to \$35,000 worth of property in Santa Ana. It was alleged that Taylor deeded the property to Joy without consideration and for the purpose of defeating any attempt Mrs. Taylor might make to secure maintenance from Taylor. The case was transferred to the United States Circuit court, and was sent back for trial here. Taylor has defaulted, and judgment may be entered against him for the alimony asked, but since Taylor is now in British Columbia the alimony may not be collectable. The Joy interests will be here to fight for the validity of their deeds to the Santa Ana property.

Represent Joy and his daughter, Mrs. Murray, to whom Joy deeded the property as a gift, and J. C. Campbell and Williams & Ruten represent Mrs. Taylor.

For Foreclosure The Fullerton Savings Bank has brought a foreclosure suit that involves a valuable forty-acre ranch at Fullerton, which is also subject to a court action now on appeal to the upper courts. The defendants are Joseph, John C. and Otto des Granges, well known people of Fullerton. The note is for \$7500 and was signed May 11, 1911. Head & Marks are attorneys for the plaintiff.

is a Notary F. H. Cloyes has been appointed a notary public at Garden Grove. He tied a bond today.

NEW ORLEANS IN FIRST VISIT TO SAN DIEGO

SAN DIEGO, Jan. 19.—The cruiser New Orleans put into San Diego at 9 o'clock yesterday morning. Thirty blue-jackets for the Maryland, which will arrive Thursday, were transferred from the New Orleans to the gunboat Annapolis.

The New Orleans remained in port about two hours and then left for Ensenada. It remained there until this morning and will now continue to Guaymas. The Maryland was expected to sail from Guaymas for San Diego yesterday.

The New Orleans' visit was the first the vessel has made to San Diego.

PREACHER IS SEEKING SUBSTITUTE FOR TANGO

CHICAGO, Jan. 19.—The Rev. Victor W. Thrall, who has assumed the pastorate of the Wesley Methodist Episcopal church on North Halsted street, has started in search of a substitute for the tango. He said that churches had started a crusade against improper dances, but had failed to supply anything which would take their places in the lives of the young people.

MICHIGAN BRICKLAYERS VOTE FOR 8-HOUR DAY

KALAMAZOO, Mich., Jan. 19.—Secretary William Kane of the Michigan Conference of Bricklayers, Plasterers and Masons announced yesterday that the unions throughout the state, which for the last two weeks have been balloting, have voted unanimously for an eight-hour day, beginning May 1.

JULIA MARLOWE ILL—RUSHED EAST FOR AN OPERATION

LOS ANGELES, Jan. 19.—Julia Marlowe, the noted actress, who in private life is Mrs. E. H. Sothern, suddenly cancelled her tour here yesterday and this morning she was rushed to New York in a private car under the care of a special trained nurse to undergo treatment and probably an operation for chronic appendicitis. Miss Marlowe's collapse comes as the climax of an illness from which she has suffered intermittently for some weeks, and which made her appearance on the stage during the two weeks' engagement that closed at the Majestic Theater here last Saturday night one of historic heroism. Suffering intense pain frequently on the stage, she insisted upon continuing her appearances, although they were accomplished only through great fortitude.

L. A. WOMAN WEDS AFTER MAIL COURSHIP

BARABOO, Wis., Jan. 19.—After a courtship carried on almost entirely by mail, Mr. and Mrs. Nathan Farnsworth left on their honeymoon following their wedding Saturday night. Mrs. Farnsworth, who was Mrs. Helen Mason Percival of Los Angeles, arrived in Baraboo at 2 o'clock Friday afternoon and the wedding took place at 4 o'clock. Up to a month ago neither of the pair had seen the other.

LORD STRATRONA SAID TO BE SINKING RAPIDLY

LONDON, Jan. 19.—Lord Stratrona, ill with catarrh complaint and heart affection, is reported as sinking rapidly, with little hope of recovery.

DENVER STOCK SHOW OPENS DENVER, Jan. 19.—The sheep, the steer and the sleek porker held full sway here with the opening of the annual National Western Stock Show at the Denver Union Stockyards today. A collection of exhibits more varied than any in the show's history have been prepared, representing seven states in the Rocky Mountain region. From 50,000 to 75,000 persons are expected to visit the show, which will continue all week.

—Are you going to Culver City Thursday?

Take a stenotypy course at the Orange County Business College.

For best watch and clock repairing see Mell Smith, 304 Main street.

You Are Invited to go on an Excursion to Culver City THURSDAY, Jan. 22

50c round trip (worth \$1.50)

—Now comes the "Culver City Man" to invite you good folks of Santa Ana to go on an inspection trip of "Culver City" just born four months ago.

—You wouldn't read this ad if he tried to tell you in detail why Culver City must be built and why it is the greatest investment opportunity of many years.

—But just take this trip and learn all about the tremendous developments going on between Los Angeles and Venice and especially around Culver City which is the center point of it all.

—There's a reason why in four months there has been actually sold over \$260,000 worth of property.

—You'll know why when you make this trip.

—We'll leave Santa Ana by special P. E. train Thursday at 10 a. m. from Fourth and Eucalyptus. We'll reach Culver City via Los Angeles. Lunch will be served and special entertainment provided. The searchlight and observation tower will interest you and you can register for the Big Free Trip Around the World given by Mr. Culver.

—Just so you won't feel under obligations to us we charge you 50 cents for the entire trip. It will be so interesting and so chock full of information that you'll surely be glad you went.

—How many tickets do you want?
